

e-PRO

So intuitive to collect data
So effective to share information

BENEFITS

- Reliability of data
- Easiness of use
- Streamline study duration
- Significantly cheaper than PDA solutions

CURRENT ISSUES

- The data coming from paper patient diaries is scientifically unreliable (30% fake)
- What is the source document for PDA e-diaries?
- Solutions using PDA are very expensive and generate usage issues with most users

KAYENTIS SOLUTION

KAYENTIS solutions allow getting highly reliable data, totally compliant to predicate rules and FDA recommendations, for a cost that is two times cheaper than existing solutions, really easy for patients.

BENEFITS

- RELIABILITY OF DATA
 - Accurate / no typos
 - All data / data change have a timestamp
 - Ability to track / promote compliance by SMS
 - Embedded Full audit trail
 - Paper is kept and acts as a source document
 - The web portal and all data transfers are totally secured
- EASINESS OF USE
 - No need for computer skills / every patient knows how to use a pen!
 - Multi-languages management
 - Very robust. Withstand misuse better than PDA / Laptop
- STREAMLINE STUDY DURATION
 - Significant gain in time during setup (hardly any training, no constraints with IT)
 - Instant data ideal for acute study management and adaptive trials
 - Data, centers and pens monitoring
- SOLUTION IS SIGNIFICANTLY CHEAPER THAN PDA SOLUTIONS
 - ROI in the course of the first study
 - Possible reuse of pens for other studies
